

KHWARIZMI SCIENCE SOCIETY

Seminar

THE LHC COMPUTING GRID

Dr. Ashiq Anjum

CERN, Geneva (Switzerland)

and

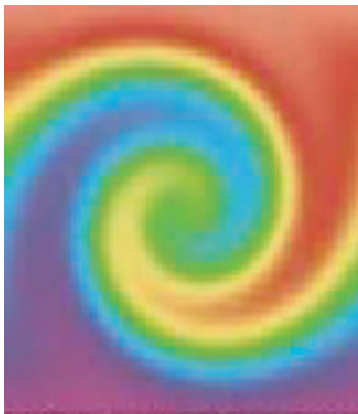

University of West England,

Bristol, UK.

Monday, 5 January 2009, 11:00 am

Department of Physics

Quaid-e-Azam (New) Campus, Punjab University, Lahore.

The most awaited experiments in the history of science will be performed on the Large Hadron Collider (LHC) at CERN. Join us to hear on the computing grid that makes sense and processes the massive LHC data, directly from a Pakistani engineer involved in the programme.

KHWARIZMI
SCIENCE SOCIETY

ORGANIZER:

Dr. Shaukat Ali,
Chairman of Physics,
Punjab University

FURTHER DETAILS:

Dr. Saadat Anwar Siddiqi,
President KSS, 0300-4866616
